(vi) Institutional set-up for Liquidity Risk Management

The Board has the overall responsibility for management of liquidity risk. The Board decides the strategy, policies, and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits decided by it, from time to time.

The ALM Committee of the Board, consisting of the Managing Director, is responsible for evaluating the liquidity risk.

The Asset-Liability Management Committee (ALCO) consists of the NBFC's top management and is responsible for ensuring adherence to the risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy of the NBFC. The Managing Director heads the Committee. The role of the ALCO with respect to liquidity risk include, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a source of funding, the structure, responsibilities, and controls for managing liquidity risk, and overseeing the liquidity positions of the Company.

The ALM Support Group headed by the Chief Finance Officer and consisting of operating staff are responsible for analyzing, monitoring, and reporting the liquidity risk profile to the ALCO.
